A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backacne, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't

know what is the matter. It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and Maysville City Schools for the seventh pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weaken-ced kidneys. Don't expect them to get Forest Avenue 257

Raleigh, N. C., March 31.-Tomorow North Carolina will be, or according to the state law, ought to be one of the "dryest" states in the Union, for April 1 was set by the Legislature as the day on which the new amondments to the prohibition law are to become operative. The amendments will reduce the amount of whisky to be received by any one person in the state from a gallon a week to a quart every 15 days, and of mait liquor from five gallons a week to five gallons every 15 days. Transportation companies and persons violating the law are to be guilty of a misdemeanor. It is expected that the express companies will take steps to test the law, especially since a measure with similar provi sions has just been declared invalid
